H.C.R. No. 31

HOUSE CONCURRENT RESOLUTION

WHEREAS, With each passing year this nation becomes more deeply in debt as its expenditures grossly and repeatedly exceed available revenues, so that the public debt now exceeds hundreds of billions of dollars; and

WHEREAS, The annual federal budget continually demonstrates an unwillingness or inability of both the legislative and executive branches of the federal government to curtail spending to conform to available revenues; and

WHEREAS, Unified budgets do not reflect actual spending because of the exclusion of special outlays which are not included in the budget nor subject to the legal public debt limit; and

WHEREAS, Knowledgeable planning, fiscal prudence, and plain good sense require that the budget reflect all federal spending and be in balance; and

WHEREAS, Believing that fiscal irresponsibility at the federal level, with the inflation which results from this policy, is the greatest threat which faces our nation, we firmly believe that constitutional restraint is necessary to bring the fiscal discipline needed to restore financial responsibility; and

WHEREAS, Under Article V of the Constitution of the United States, amendments to the federal constitution may be proposed by the congress whenever two-thirds of both houses deem it necessary, or on the application of the legislatures of two-thirds of the several states the congress shall call a constitutional convention

for the sole purpose of proposing amendments. We believe such action vital; now, therefore, be it

RESOLVED by the House of Representatives of the State of Texas, the Senate concurring, That the 65th Legislature propose to the Congress of the United States that procedures be instituted in the congress to add a new article to the Constitution of the United States, and that the State of Texas request the congress to prepare and submit to the several states an amendment to the Constitution of the United States requiring, in the absence of a national emergency, that the total of all federal appropriations made by the congress for any fiscal year may not exceed the total of all estimated federal revenues for that fiscal year; and, be it further

RESOLVED, That, alternatively, this body request that the Congress of the United States call a constitutional convention for the specific and exclusive purpose of proposing an amendment to the federal constitution requiring in the absence of a national emergency that the total of all federal appropriations made by the congress for any fiscal year may not exceed the total of all estimated federal revenues for that fiscal year; and, be it further

RESOLVED, That this body also propose that the legislatures of each of the several states comprising the United States apply to the congress requesting the enactment of an appropriate amendment to the federal constitution; or requiring the congress to call a constitutional convention for proposing such an amendment to the federal constitution; and, be it further

RESOLVED, That official copies of this resolution be prepared and forwarded to the President of the Senate and the Speaker of the

H.C.R. No. 31

House of Representatives of the United States Congress and to all members of the Texas delegation to congress; and, be it further

RESOLVED, That official copies of this resolution also be prepared and forwarded to the secretaries of state and to the presiding officers of the legislatures of the other states with the request that they join this state in making application to the United States Congress to call a convention for proposing the aforementioned amendment to the United States Constitution.
